Please note that the traffic pattern of the UA Main Library/Tremont School/Northam Park parking lot will change beginning Tuesday, September 8.

**Cars entering the lot from the south entrance will not be able to turn right at the first row.** Please continue to the second row and turn right to park or for our curbside service or book drop, or go straight to head to the school.

Cars will enter the curbside area from the east. After exiting curbside, you may continue straight to exit the lot or turn left for the book drop. Please use caution when exiting curbside, as this is a crossover point.

This change was made to prevent curbside traffic from backing up on Tremont Road, and to move the library forward in our long-term planning for curbside service.

We ask everyone to be patient, drive slowly, follow posted signs, and avoid blocking driveways.
